

KIJIMEA®

FLORACARE

Instructions for use Kijimea® FloraCare

What is Kijimea® FloraCare?

Kijimea® FloraCare is a food supplement made of 33 strains of Lactobacillus that are specially tailored to one another. Kijimea® FloraCare also contains vitamin B₃, B₇ and B₂, which contribute to the maintenance of normal mucous membranes. Kijimea® FloraCare also contains vitamin B₆, which contributes to the regulation of hormonal activity, and zinc, which contributes to normal fertility and normal reproduction.

Is Kijimea® FloraCare well tolerated?

No side effects are known when taking Kijimea® FloraCare. Kijimea® FloraCare is gluten-free, fructose-free and lactose-free, and is free of preservatives, flavourings and sweeteners.

What do I need to consider before taking Kijimea® FloraCare?

Consult your doctor or pharmacist if you are taking, have recently taken or are planning to take any medicines together with Kijimea® FloraCare.

An interval of 2 hours should be maintained between taking Kijimea® FloraCare and any medication. There is no information to indicate that Kijimea® FloraCare should not be taken during pregnancy and breastfeeding.

You should not take the product if you are allergic to one of the ingredients.

How do I take Kijimea® FloraCare?

Adults and children over the age of 12: 1 x 1 capsule daily swallowed whole with plenty of liquid with a meal (in the morning, at lunchtime or in the evening).

We recommend taking Kijimea® FloraCare for at least four weeks.

How should Kijimea® FloraCare be stored?

Kijimea® FloraCare should be stored dry ☀ and below 25 °C 🌡. Store out of the reach of young children.

Do not use Kijimea® FloraCare after the date of minimum durability indicated on the secondary packaging 📦.

Composition	Per daily portion (1 capsule)
-------------	-------------------------------

VITAMINS

Vitamin B ₃ (niacin)	15 mg NE (94% ¹)
Vitamin B ₂ (riboflavin)	1.8 mg (129% ¹)
Vitamin B ₆	1.9 mg (136% ¹)
Vitamin B ₇ (biotin)	75 µg (150% ¹)
Folic acid	30.0 µg (15% ¹)

MINERALS

Zinc	1.5 mg (15% ¹)
------	----------------------------

OTHERS

Microcultures	10 ¹⁰ CFU ²
---------------	-----------------------------------

¹Percentage of the nutrient reference values according to Regulation (EU) no. 1169/2011

²CFU = colony-forming units

Ingredients:

microculture mixture (microculture strains*, maize starch), maize starch, capsule shell: hydroxypropyl methyl cellulose; niacin, anti-caking agent: magnesium salts of fatty acids; zinc citrate, riboflavin, colour: calcium carbonate; vitamin B₆, anti-caking agent: silicon dioxide; biotin, folic acid.

Important notes:

The recommended daily dose indicated should not be exceeded. Food supplements are not a substitute for a balanced and varied diet and a healthy lifestyle.

One capsule (0.26 g) contains **33 microculture strains** with at least **10 billion** viable microcultures:

**L. crispatus* SG18, *L. crispatus* QL33, *L. crispatus* ID63, *L. fermentum* LB91, *L. fermentum* LR28, *L. gasseri* RG19, *L. gasseri* SW5, *L. reuteri* OS31, *L. rhamnosus* ZR54, *L. rhamnosus* AC94, *L. rhamnosus* IX51, *L. rhamnosus* HM83, *L. rhamnosus* BP73, *L. rhamnosus* VN76, *L. acidophilus* FY47, *L. acidophilus* MK24, *L. brevis* VF63, *L. delbrueckii ssp. bulgaricus* ZDS17, *L. casei* JC65, *L. helveticus* LM56, *L. johnsonii* BI99, *L. delbrueckii ssp. lactis* UMF46, *L. paracasei* NC701, *L. paracasei* DZ13, *L. paracasei* CQ16, *L. paracasei* W09, *L. plantarum* XG46, *L. plantarum* KU86, *L. plantarum* JT63, *L. plantarum* EV38, *L. plantarum* YCA16, *L. sakei* FQ41, *L. salivarius* PL301

KIJIMEA®

FLORACARE

Kijimea® FloraCare is available in the following pack sizes:

28 capsules
56 capsules
84 capsules

4260344397099
4260344397105
4260344397112

Kijimea®: for health and environment.

Kijimea® values responsible use of resources. The instructions for use and folding box are made of recycled paper.
